FIRST ASSIGNMENT

The assignment for the first class next semester is Unit 20. In preparing unit 20, please make sure you refer to the NEW syllabus and the NEW Course Supplement Part 4.

The new syllabus and new Course Supplement are available in two locations: (1) the Spring 2008 Blackboard site for this course and (2) the new TWEN site for this course. Please access this information in either of those two locations and prepare these materials for the first class.

I plan to transition from Blackboard to TWEN, but I will use the Spring 2008 Blackboard site until I am sure that everyone has figured out how to access the TWEN site. I have posted guidelines for accessing the TWEN site on the Blackboard site.
